

main.c

Run

Output

Clear

```
1 #include <stdio.h>
2 int main()
3 {
4 char age = 14;
5 if(age >= 18)
6 {
7 printf("The person is eligiable for vote and its citizenship.\n");
8 }
9 else
10 {
11 printf("The person is not eligiable for the vote and its citizenship
    .\n");
12 }
13 return 0;
14 }
```

The person is not eligiable for the vote and its citizenship.
